

A 3D architectural rendering of a cricket stadium design concept. The stadium is a large, circular structure with a prominent central tower. The seating bowl is visible, and the pitch area is marked with a grid. The stadium is surrounded by a green landscape with a winding path. The text "DESIGN CONCEPT" is overlaid at the top, and "- CRICKET STADIUM (JAIPUR)" is at the bottom right. A watermark "METEORUSE®" is visible in the center.
